

SENATOR HENRY CABOT LODGE

On the Constructive Work of SENATOR CARROLL S. PAGE

The following very interesting correspondence which appeared last week in the Montpelier Argus is self-explanatory. Neither Senator Page nor any of his friends was aware of this correspondence until ex-State Senator Clark King caused its publication in The Argus. We give it as it appeared, without change or adornment.

Montpelier, Vt., July 14, 1916.

Editor of Montpelier Argus:

Dear Sir: Will you please allow a place in The Argus for what I have to say in regard to the U. S. senatorial contest and oblige. So much has been said in The Argus which has been copied mostly from other papers about Senator Page not being of any account in Congress, having done nothing in the eight years he has been there, and other things said about him which were not very meritorious to say the least, which were not true, as can be proved by what his colleagues say of him in Congress. What has Senator Page done for Vermont? He has a large business in Hyde Park and employed a good amount of help in his hide and calfskin business for many years and has paid the farmers, also others, a large amount of money for hides and calfskins here in Vermont and has paid largely for advertising at the same time, this is all true. What has ex-Governor Fletcher, who wants to be at this time senator, done for Vermont? His business has mostly been after office as near as I can find out, and at the present time is paying a large amount of money for advertising to succeed Senator Page in Congress, and is doing his best to get it. Republicans of Vermont will soon decide this at the primaries. I am pleased to offer as proof what is said of Senator Page by one of the ablest Republicans in Congress. Hon. H. C. Lodge, in reply to a letter I wrote him for information in regard to Senator Page's services in Congress, and ask to have it printed in The Argus, so that Republicans can know the truth in regard to Senator Page's services in Congress. Having received this reliable information from a source which cannot well be doubted, it seems now that Senator Page is entitled to a re-election to Congress. This is from one that believes in a square deal in politics as well as in business.

Respectfully submitted,
CLARK KING.

United States Senate

Washington, D. C., July 17, 1916.
My dear sir:

I have received your letter of July 14. You will understand, of course, that it would not be fitting for me, a senator from another state, to take sides in a contest between Republicans, all members of my own party, in Vermont. But in reply to questions you ask about Senator Page it is entirely proper for me to say that I have known Senator Page ever since he entered the Senate eight years ago. He and I are friends, and my relations with him have always been most pleasant. He is recognized by all his colleagues as a most hard-working, capable senator, very industrious and careful, a very valuable and diligent member of all the committees to which he belongs, and he has taken a conspicuous part in all tariff discussions since he entered the Senate. He is, however, particularly identified with the bill for vocational education, a measure of the utmost importance, to which he gave many months of careful study. Having framed the bill, he then, by his persistence and determination, finally carried it through the Senate. Although it failed in the House, this does not in the least detract from the deserved distinction which Senator Page earned by his admirable work and by his championship of this important measure. His ability and activity in the work of the Senate are unquestioned by anyone who is familiar with that body.

Very truly yours,

H. C. LODGE.

Special Town Meeting Held Saturday for Building Junior High School.

A special town meeting was held in library hall Saturday afternoon to settle the question of funds for a junior high school. It was voted to raise a sum not exceeding \$4,000, in addition to the \$5,000 previously voted to be paid in nine years' time in yearly notes of \$1,000 and interest. The plans submitted by E. A. Walker of Montpelier were accepted and it is proposed to turn the present school building around at an angle of 45 degrees and build an addition in front. The vote stood 79 to 67 in favor. The following table shows what the proposed plan for the ensuing year is. At the town meeting Saturday, July 29, the following items were voted: cost of maintaining a junior high school as follows: Salary of principal, \$1,000; salary of domestic science teacher, \$800; salary of assistant teacher, \$400; one-half janitor's fees, \$75; one-half fuel, \$125; maintaining laboratory, \$50; income from school (70 pupils at \$45 each), \$3,150; rebate on salaries of teachers, \$400; income from reserve fund, \$200; saving on salary of one teacher, \$272; tuition from other towns (estimated) \$425.
